Rick took a ministry position with TEAM at their Wheaton, IL headquarters in 2011.

After some organizational changes at TEAM, Rick sought a new position that would allow he and Julie to relocate back to central Illinois. Rick sensed God's calling to World Gospel Outreach, which facilitates short-term trips to Honduras and more recently Belize. WGO partners with local churches for follow up as visiting teams hold medical and dental clinics, evangelize and pray with people who come. Often thousands of people are ministered to in a week! Rick now serves part-time with WGO in Partnership Development. Julie occasionally assists Rick as he interacts with various church pastors and missions leaders in the central part of the U.S. Both Rick and Julie have served on short term teams in Tegucigalpa, Honduras.
